AUDITORS' REPORT.

The undersigned, auditors of the accounts of the selectmen and treasurer for the year 1900-1901, report that they have examined the accounts and find the receipts to have been \$13,214.25, from February 15, 1900, to February 15, 1901, and disbursements paid on orders by the selectmen from 1 to 276 inclusive, equal \$13,026.84, which includes dog licenses amounting to \$122.40, from which has been paid \$61.50 for sheep killed; all of which are properly vouched and correctly cast.

W. E. SWEATT,
FRANK H. ROBINSON,
Auditors.

BOSCAWEN, N. H., February 15, 1901.

REPORT OF THE BOARD OF EDUCATION.

DISTRICT NO. 7.

In submitting the annual report for the year 1899-1900, we are gratified to be able to state that the condition of the school is satisfactory in all the departments.

The same corps of efficient teachers has been employed with the same keen interest in bringing the school to a high standard. With increasing labor both in and out of the schoolroom has this result been attained.

Is it not the duty of the parents to co-operate with the teachers in stimulating this interest by seeing that their children are regular in attendance and by visiting the school as often as possible? Very few names of visitors appear on the school registers.

Every citizen must feel a sense of pride in the beautiful and well kept grounds and buildings. Much credit is due the efficient janitor for this work.

New seats in the intermediate room and slate blackboards are much needed.

SCHOOL REPORT.

TOWN DISTRICT.

In our schools during the past year nine different teachers have been employed. Four of them are teachers of experience who have taught several terms in town in previous years, and they have maintained their good reputations. The remaining five had very little if any experience, but came to us well recommended, and with one exception gave good satisfaction.

Sickness has interfered with regular attendance in some of the schools, but this has not been the only reason for the increase in the number of absent marks in our registers. Teachers are provided, and pupils have free use of all the helps needed. We think the fault of non-attendance lies with the parents, as they should see that their children are in school every day when it is possible for them to be there.

If some of the older ones are obliged to be at home a part of the school year, it is better to be absent one whole term than to be absent one, two or three days, or even a whole week at a time, thereby losing their interest.

The only change made in text-books is in physiology, Blaisdell's being substituted for Brand's.

The winter terms at the Plain and South Water street were lengthened one week by the teachers giving their services. Miss Esther D. Gill kindly gave the Plain schools lessons in singing every week during the school year, which they greatly enjoyed.

There is a law requiring all pupils to be vaccinated before attending school. On account of the prevalence of small pox in the state, we would advise parents who have not already done so to have their children vaccinated before the spring term opens.

By using sixty dollars appropriated to aid the high school, and seventy-five dollars of the academy fund we were enabled to give some of the older pupils the benefit of fifteen weeks in the upper department at the Plain. We think those who attended constantly made good improvement, but the advancement of some of the pupils was interfered with by irregular attendance.

The school board extend their thanks to Misses Gill, Carter and Thompson for their unpaid services.

ROLL OF PERFECT ATTENDANCE.
